WHO WE ARE

Immersify Technology
Where Creativity Meets Innovation

We are a team of forward-thinking creatives—photographers, videographers, and visual artists—dedicated to transforming ideas into extraordinary event experiences.

By fusing cutting-edge visuals, immersive art, and next-gen technology, we create unforgettable brand engagements that captivate and inspire.

With our fully in-house event solutions, we deliver seamless execution, bold concepts, and meaningful interactions that elevate every moment.

“Immerse deeper. Experience more.”

MISSION

Bringing Ideas to Life Through **Technology and Visual Innovation**

At the intersection of cutting-edge technology and compelling visual content, we bridge the gap between the digital and physical worlds.

Our mission is to deliver high-quality, value-driven solutions tailored to the unique needs and character of each project.

We are the catalyst for unforgettable **experiential marketing**—

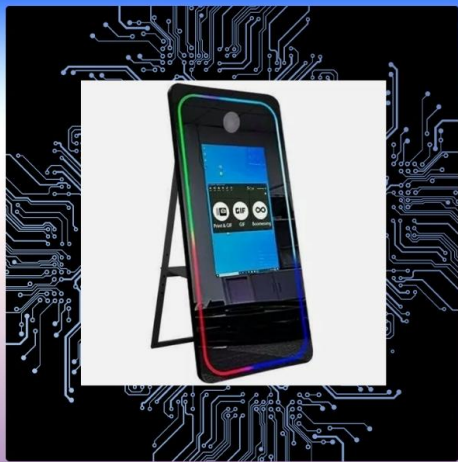

OUR VISION

Our vision is to **craft innovative solutions** that captivate audiences, drive engagement, generate leads, and elevate brand awareness.

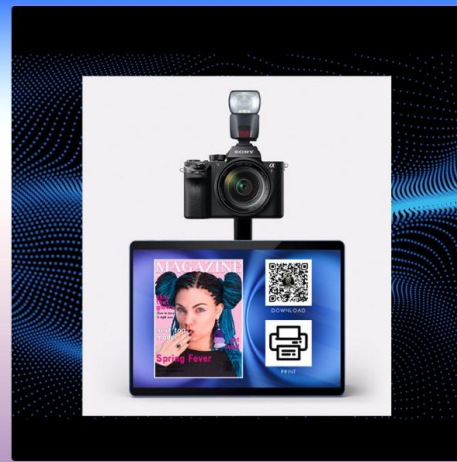

By combining **in-house tech solutions** with creative expertise, we aim to develop bold, never-before-seen concepts and visuals—always aligned with brand values and evolving trends.

We don't just follow innovation—we create it.

MIRROR BOOTH

"Sleek, stylish, and multifunctional—the **Interactive Mirror Booth** is more than just a mirror. It transforms into a video booth, digital signage, or a photobooth, all in one elegant design. A sophisticated centerpiece that delivers unforgettable brand engagement and a modern edge to any event."

ROAMING PHOTOBOOTH

Roaming Photobooth
and Wireless printing

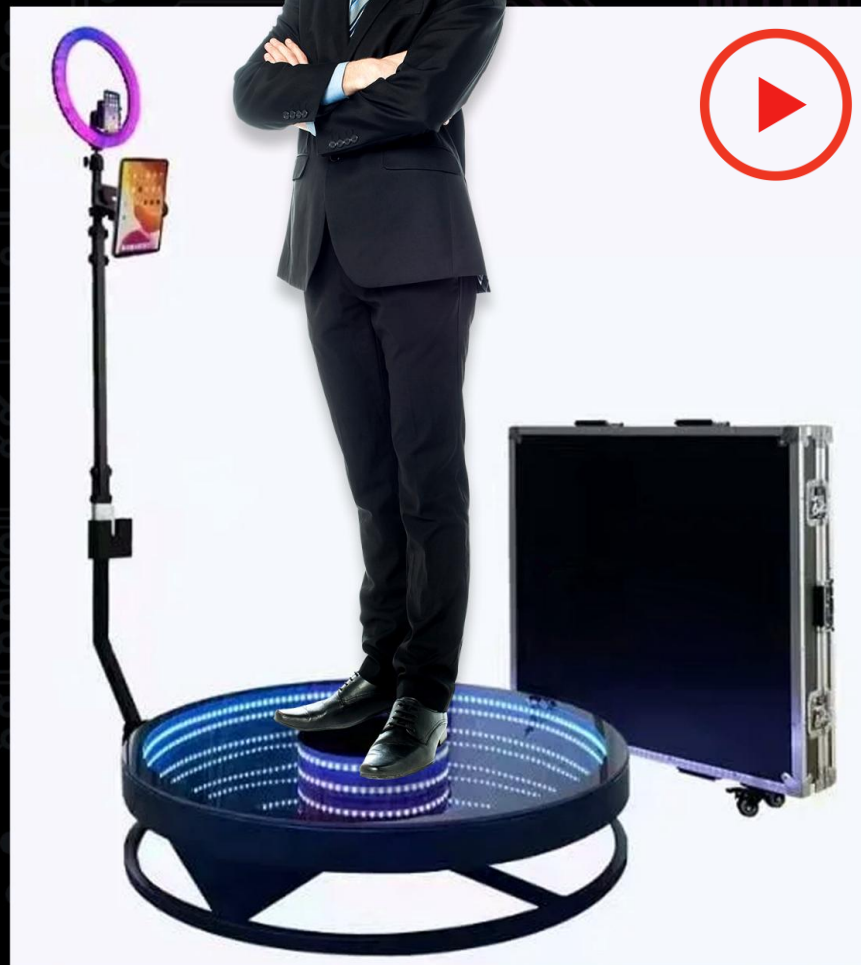

"No space? No problem.
The roaming photobooth brings
the fun to your guests—
anywhere, anytime. Just a
camera, a PC, and wireless
printing, and you've got instant
photo magic on the move.
Perfect for events that need
flexibility without compromising
on experience!"

CABLES & WIRINGS
LIGHTS

Step into the spotlight with our 360 Photobooth—the ultimate crowd-puller that turns every moment into a cinematic masterpiece! Guests stand on a platform while our camera spins around them, capturing epic slow-motion videos that are instantly ready to share. With custom branding, music, and dazzling effects, the 360 Photobooth creates viral-worthy content that adds energy, excitement, and unforgettable fun to any event. Whether it's a corporate bash, brand activation, or product launch, this experience steals the show and keeps your guests talking long after the lights go out.

GIF BOOTH

GIF Booth

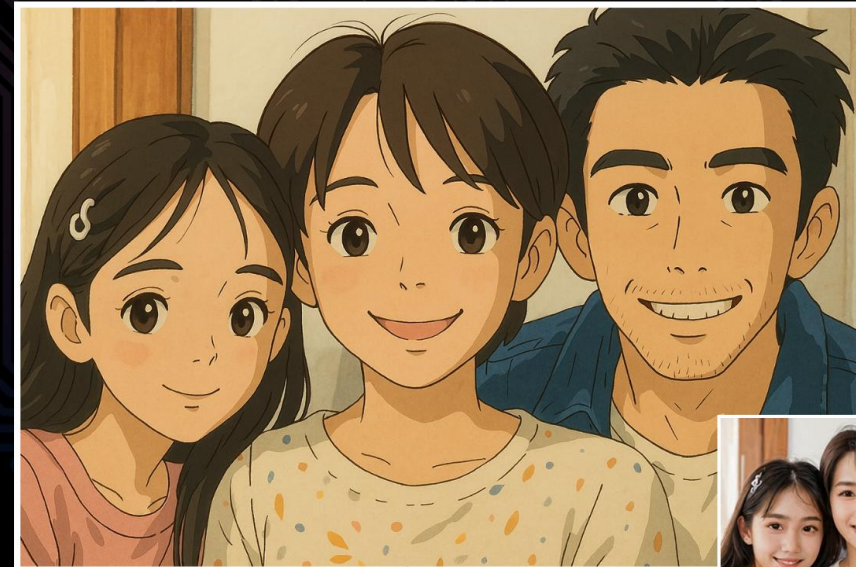

Bring your brand to life with looping, shareable moments. Our GIF Booth captures short bursts of fun, creating **animated clips** that guests can instantly share on social media. Branded overlays, custom backdrops, and interactive features turn every moment into a marketing opportunity—perfect for driving engagement and extending your event's reach online.

AI PHOTO / VIDEO BOOTH

"Transform ordinary portraits into superheroes, magical characters, or artistic masterpieces with AI technology. The photo booth keeps the subject as the star while creating a fun, personalized memory together with the trademark of the brand. It's the perfect way for you and your family to capture unique, engaging keepsakes at your event."

The photobooth comes with 6x4" or 6x8" printed magical photo and can be downloaded by scanning unique QR code on our ipad sharing station.

AI BACKGROUND REMOVAL PHOTOBOOTH

An AI background removal photobooth is an advanced photo setup that uses *Artificial intelligence* to instantly replace or remove the background of a photo. Unlike traditional green screen photobooths, AI-powered versions don't require a physical backdrop. Instead, the *technology identifies and separates the subject from the background* in real time, allowing for seamless integration with custom digital backgrounds or effects.

Explore the world with a single click! Instantly transform your background making every photo a unique journey.
Select up to **6 DIGITAL BACKGROUND OPTION.**

Step onto our green screen stage and transform into a team of fearless superheroes! Families will gear up in vibrant costumes and get safely suspended in harnesses to create the exhilarating effect of soaring through the skies.

 The Mission? Battle waves of animated viruses and bacteria in an epic cinematic scene!

 As you strike heroic poses and unleash your powers, our team captures all the action—then turns it into a high-energy, movie-style video you'll take home as your very own Superhero Moment.

MP4 Video output can be downloade in our ipad sharing station by scanning unique QR code.

TESTIMONIAL VIDEO BOOTH

"The Testimonial Booth is a video experience designed to capture authentic voices. Equipped with a microphone and styled for comfort, it invites guests to share their stories, reactions, or shoutouts—creating powerful, digitally branded content that resonates far beyond the event."

HOLOFAN TECHNOLOGY

ACTUAL HOLOFAN

DIGITAL FILE

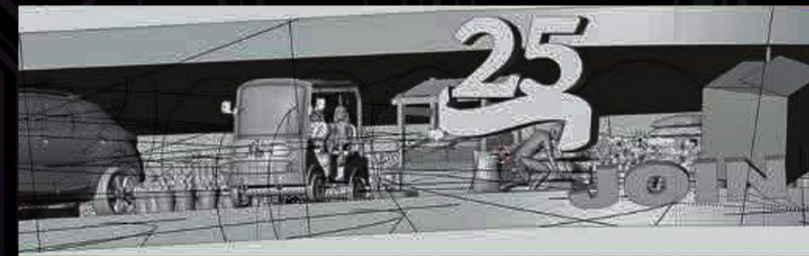

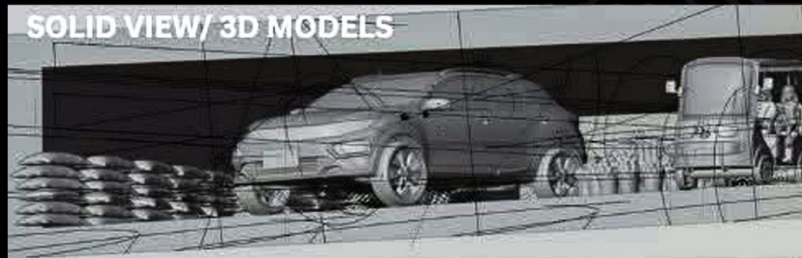

By combining cutting-edge 3D design with our advanced **holographic fan (holofan) technology**, we create visually stunning, interactive displays that captivate audiences and forge deeper connections between brands and their audience.

Whether it's a striking **logo animation**, a mesmerizing **digital aquarium**, **abstract visual art**, or an **interactive educator avatar**, our holofan technology brings content to life in mid-air—captivating audiences and transforming brand engagement into a dynamic, immersive experience.

**Videofiles and animation can have audio to make the experience more immersive.*

3D ANAMORPHIC VIDEO & LED SCREENS

Anamorphic Video Content

Visually immersive content designed with optical illusion techniques to create a 3D perspective when viewed from specific angles—perfect for drawing attention and delivering high-impact brand visuals on LED screens or holofan and displays digital installations

Turn heads and create crowd traffic on exhibition with high-impact anamorphic video content—crafted to create jaw-dropping 3D illusions from a single viewpoint. This cutting-edge visual technique amplifies brand presence and delivers unforgettable audience engagement.

Ai LIVE PAINTING

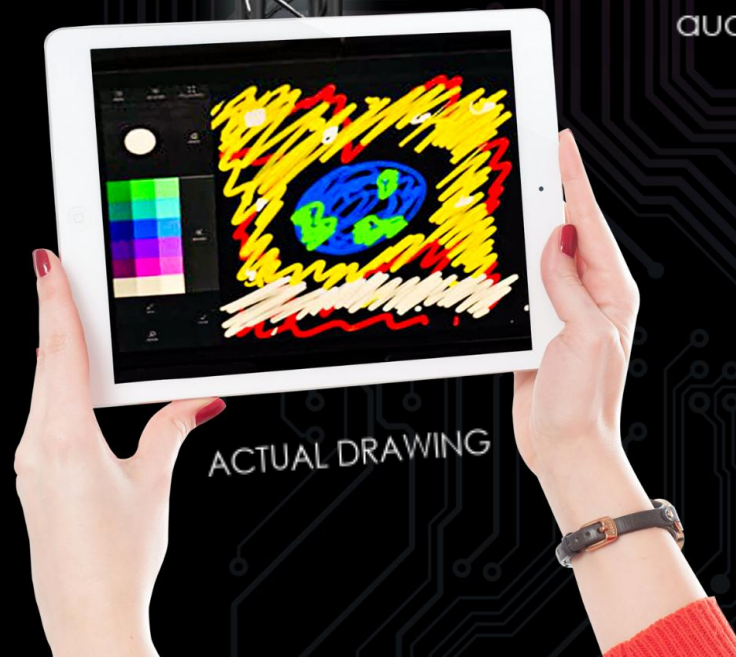

REALTIME ACTUAL OUTPUT

REAL TIME AI PAINTING OUTPUT

AI Live Painting

A mesmerizing fusion of **art and technology**—
AI Live Painting continuously constructs evolving visuals in
real time, transforming sketches, stick drawing, or photos
into a seamless flow of **dynamic digital artwork**. Whether
abstract, impressionist, or stylized - each piece unfolds live,
offering a unique, **immersive experience** that captivates
audiences and brings creativity to life before their eyes in
real time.

ACTUAL DRAWING

QR QUEST

Turn your venue into an exciting adventure zone, an interactive scavenger hunt powered by **QR codes**! Guests will embark on a journey, scanning codes placed throughout the space to uncover fun facts about brands and decode clues that lead to hidden "Brand Treasures."

Each scan reveals something new—whether it's surprising **Brand wisdom, mini-games, or the next location on their path to discovery.**

- ✓ Promotes movement and engagement
- ✓ Delivers bite-sized, educational content in a fun way
- ✓ Encourages teamwork among families, friends, or coworkers
- ✓ Gamified learning with rewards for completion

📸 SOCIAL MEDIA FRAME & HASHTAG PHOTO WALL

An interactive display where guests can snap photo or video on a photobooth, tag, and share their event photos on social media using a **custom hashtag** of the event. Contents are automatically pulled in real-time and showcased on a dynamic wall, creating a vibrant mosaic of live memories and social engagement. Perfect for boosting brand visibility, guest interaction, and event buzz both onsite and online. By the app, Content can be regulated by a modulator to avoid unwanted or negative post.

TOUCHSCREEN FLIPBOOK

Flip. Discover. Learn.

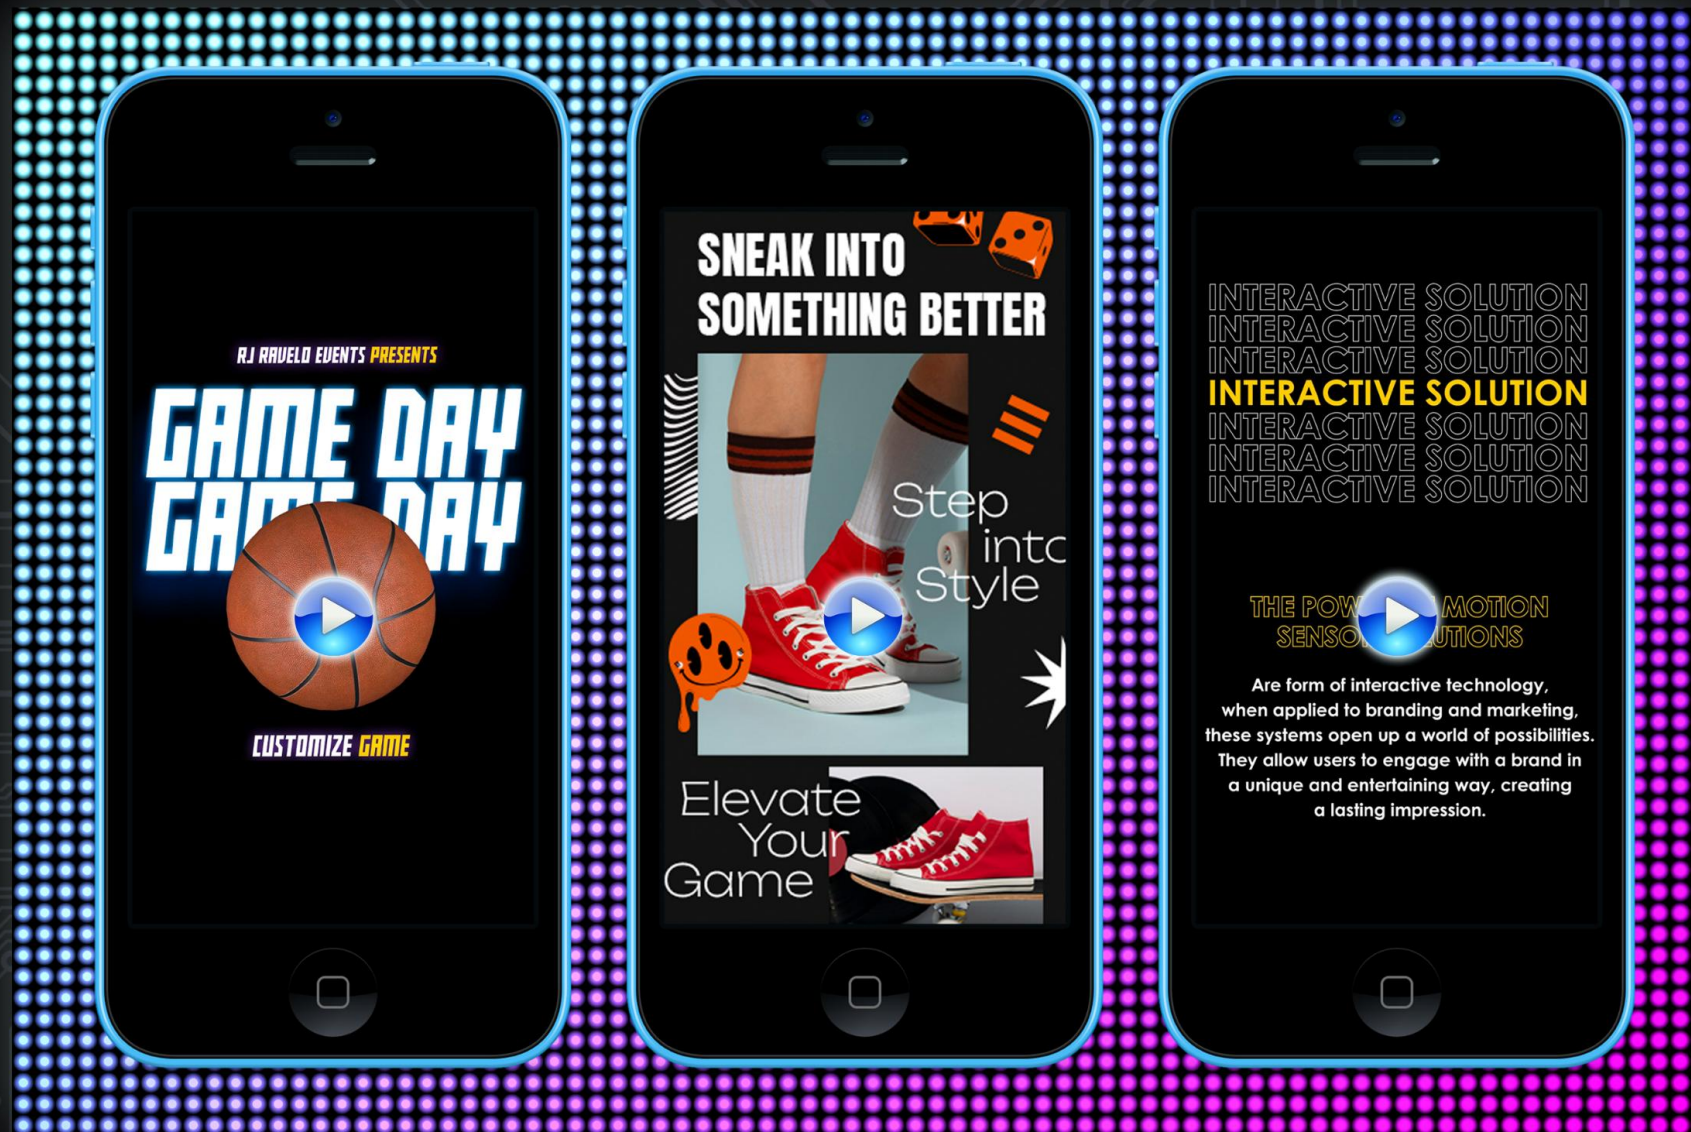

Step into an enchanting digital experience where education meets imagination. This touchscreen storybook invites guests to "flip" through beautifully animated pages that reveal the fascinating world of new vaccines.

Each page unfolds like a chapter in an illustrated adventure—blending engaging visuals, bite-sized facts, and interactive elements to make learning feel like a journey, not a lesson.

32" TOUCHSCREEN KIOSK
Content Creation

INTERACTIVE LED SCREEN WALL - MOTION SENSOR

Our contactless LED wall uses motion sensor to trigger content, based on the viewer's position. It plays three videos sequentially—one on the left, one in the center, and one on the right—depending on where the person stands. Just like a standard LED screen, it supports all types of content, including video animations, 3D visuals, photos, and more, offering a dynamic and interactive display experience.

*Video Content - optional Additional charges may apply

VIDEO CONTENT:

- *Video can be fullscreen
- *Video can be Portrait 1/3 of the screen
- *Video sizes can be custom
